Umpire "Silk O'Loughlin, of the National League, got married a few days ago. He will now be apt to decide that his bride is in the game to compel him to make a home run early every night.

A condition like that mentioned by the Picayune is the strongest possible argument for a uniform system enforced by the Federal Government. Congress ought to take up this matter at its next session.

It was cooler in Asheville Thursday morning than in the Yellowstone Park. At the North Carolina city the temperature was down to 52 and in the Park it was 54. Wilmington had a low temperature of 64.

A theatrical notice says "the dainty sentiment of 'Sweetheart Sue' touches a chord in the hearts of the audience no matter the age of the listener." That won't catch the man who is in danger of having his sweetheart sue.

Johann Hoch, the Chicago Bluebeard who had so many wives and is under sentence of death, is hopeful that he will not be hanged. Of course there are married men who will sneak around and say that Hoch ought to be hung for not knowing that he couldn't manage a whole bunch of wives without getting the worst of it.

inated from sparks from the chimney and about $25 damage was done. A second alarm was later sent in on account of the same fire.

—There was no municipal court yesterday, the docket having been entirely clear and the police having made no arrest since court the day before.

—The Salvation Army held services near the company store at Delgado last night. A number of the Wilmington recruits at the post here have been from the mill village.

—The condition of Mr. Willis Scudder at the James Walker Memorial Hospital this morning was not improved; in fact, he has grown much weaker and the end is expected at any moment.

—Justice Bornemann settled a law suit in his court yesterday in his characteristic style by marrying the plaintiff, Louise Brown, to the defendant, Thos. Lee Howard. The parties are colored.

—The condition of Dr. E. S. Pigford was reported from the hospital as improved again yesterday. Unless something unforeseen develops, he will probably be able to be out again in a short time.

—Chief of Police Williams' buggy at the City Hall has been given a coat of new paint. The artists, who turned out a really creditable job, were the Chief himself and Acting Police Sergeant E. J. Grimsley.

—The alarm of fire from box 52 at 5:50 P. M. yesterday was on account of a slight blaze on the roof of a house at 614 South Ninth street, owned by Cyrus VanAmringe and occupied by Robert Rhone, colored. The fire originated from a defective flue.

—Zimmerman Williams, colored, charged with abandonment and nonsupport of his wife, was sent to jail by Justice Furlong yesterday in default of bond for his appearance at the September term of Superior Court.

—The following building permits have been granted: Dr. F. H. Russell, two, 5-room houses on Eighth, between Queen and Wooster streets. Roger Moore, one, 5-room house on Princess, between 12th and 13th streets.

—Through the real estate agency of Messrs. J. G. Wright & Son, Mr. E. A. Metts on yesterday purchased the residence property of Fire Chief Charles Schnibben, on Market, between Ninth and Tenth streets. It is understood the consideration was $5,000.

—Yesterday afternoon's Fayetteville Observer: "The United States boat H. G. Wright arrived from Wilmington yesterday afternoon at 3 o'clock, and cleared on her return trip this morning. She has on board a corps of engineers who are locating sites for the locks and dams for the proposed canalization of the Cape Fear between here and Wilmington."

—It is not always the literate with whom public officials have to deal. For instance, yesterday a colored applicant for a building permit addressed the Mayor and Board of Aldermen as follows: "I, charley carter, orply to the mear and arlmons of the city of Wilming n. c. for a permit to bilding a house," etc., etc. The application went on to state that the house is to be located on "princis" street.

—In Justice Furlong's court yesterday, Maggie Allen, colored, was given preliminary trial upon a charge of conducting a bawdy house. She was represented by Woodus Kellum, Esq., but was held for the Superior Court. The Allen woman made affidavits against three of the inmates of her house who testified against her, charging them with vagrancy and also had a fourth party arrested for running a disorderly house.

LABOR DAY CELEBRATION.

Rivalry Between Beach Resorts is Keen—Passenger Traffic.

A spirited rivalry has sprung up between the transportation companies interested in Carolina and Wrightsville beaches, respectively, at both of which resorts elaborate Labor Day celebrations have been planned for next Monday. The bone of contention is the passenger traffic which is always unusually heavy on that day and extraordinary effort is being put forth to divert the traffic to the one resort or the other.

The Consolidated Company has arranged to provide everything necessary to a day of rare enjoyment at Lumina, on Wrightsville Beach, and has offered a round-trip rate of 25 cents from any part of the city on that day. The allied labor unions of the city on the other hand, have decided upon Carolina Beach as the place for the official celebration and have provided a number of attractions there. Both resorts are being widely advertised and the competition is as lively as lively can be.

To Rescue of a Launch.

In response to a telegram from Fort Caswell, the tug Blanche, of the Wilmington, Southport and Little River Transportation Company, left yesterday morning at 2 o'clock for Bogues' Inlet to the rescue of a government launch reported from Beaufort, N. C., as aground there. The crew of the launch was saved. The Blanche was wanted to save the boat. The tug had not returned last night. She is in command of Capt. W. A. Sanders.

RESIDENTS PROTEST

Chestnut, Princess and Market Street Property Owners Up In Arms

OPPOSE DOUBLE CAR TRACK

Petitions Already Afloat Asking City Council to Refuse Franchise for Further Occupancy of Streets by Consolidated Company.

In view of the fact that it is now generally accepted that before another season at the beach, the Consolidated Railways, Light and Power Company will double track its suburban car line between Wilmington and Wrightsville Sound and that the project will necessarily carry with it an application from the company to the city council to be allowed to extend the double track either down Chesnut, Market or Princess streets to Front, the residents along those principal thoroughfares are bitterly opposed to such an encroachment upon the peace and quietude of their hitherto quiet neighborhoods and are organizing in their efforts to oppose the scheme.

The petition of the Princess street residents has been liberally signed. It reads as follows:

Wilmington, N. C., Aug. 30, 1905.
To the Honorable Mayor and Board of Aldermen, city.

Gentlemen: We, the undersigned citizens and property owners of the city of Wilmington, ask your earnest consideration of this our earnest and unqualified protest against the proposed double-tracking of Princess street by the Consolidated Railways, Light and Power Company.

Princess street is one of the narrowest streets of the city and has now throughout its length a single track, over which passes not only city traffic but the entire suburban traffic —heavy, noisy and injurious to contiguous property. With an additional track through the street, the people's traffic would be barred and the street practically deeded to the railway company.

We, at the sacrifice of comfort, quiet and property, have refused to hinder the progress or desires of this Company, which is a great convenience to the community, but we most earnestly ask that you as our representatives protect us against encroachment of the roadway to the very doors of our homes.

There are nine trackless streets extending eastward from the railway line on Front street. Why, then, should Princess street give all and the other none?

The imposition is unjust and discriminately against the people's rights, and we, who live along the line on Princess street, on behalf of our families, our property, and in pursuit of our constitutional right to "the enjoyment of the fruits of our own labor" enter this protest, believing that your Honorable Board will ever be found ready to protect and maintain the rights of our people and the enjoyment of their homes.

All of which is respectfully submitted by:

DANCE AT SOUTHPORT.

Series of Delightful Mid-Week Affairs Will Concluded Wednesday.

The mid-week dance at Carolina Beach last night was attended by an unusually large number of among the first young people of the city. The dances have grown in popularity with the waning of the season, and it has been decided to close the series with a big hop next Wednesday night at Southport, which is at the request of the young people. The steamer Wilmington will make a special trip to Southport, leaving at 5 o'clock Wednesday afternoon, and returning to the city at midnight. The fare for the round trip will be only 25 cents. Prof. Culbreth's orchestra of eight pieces will furnish good music and a delighful time is assured for those who will attend.

Lumberton Pythians.

Mr. J. D. Nutt, State Deputy Grand Chancellor of the Knights of Pythias, has just completed a very successful official visit to Lumberton in the interest of the order. The lodge there is No. 35 and had not had an increase of its ranks for several years before the visit of the State Deputy, when eighteen new members were received from among the best men in the community and the lodge was otherwise built up to a high standard. There were eighteen reinstatements in addition to the new members and the entire lodge was enthused in the cause. The State Deputy has now gone to Maxton and Laurinburg in the interest of the order in those progressive little cities.

The Festive Buffalos.

At the regular session of Wilmington Herd No. 4, Benevolent Order of Buffalos, last night, there was a large attendance and considerable enthusiasm was manifested. There were several brief addresses, after which the festive Buffalos repaired to the refreshment room where a Bohemian smoker was given to the delight of everyone. At the regular meeting next Wednesday night there will be four candidates for initiation. In their honor an elaborate spread of refreshments will be served. At the meeting last night a committee composed of Messrs. Hatch, Craig and Fuchs was appointed to have in their charge the serving of the refreshments.

Cotton From Brunswick.

Messrs. Brooks & Taylor, of this city, yesterday received three bales of new crop cotton from Shallotte, Brunswick county. It was shipped to the Wilmington firm by James Holmes & Son and is the first of the season from that section. It is fifteen days earlier than the first shipment last season.

SOME COAST LINE CHANGES

Several Appointments in Transportation Department Expected to Go In Effect September 1st.

It is announced that on September 1st there will be a number of changes in the official heads of the transportation department of the Atlantic Coast Line. It is reported that Mr. J. C. Murchison, now superintendent of the Fayetteville district with headquarters at South Rocky Mount, N. C., has resigned to re-enter the furniture business at Greensboro, N. C. The other changes are in line of promotions, and are reported to be as follows: Mr. W. H. Newell, now superintendent of the Charleston district with headquarters at Charleston, goes to Wilmington to become superintendent of transportation. Mr. E. R. Wooten, now superintendent of the Norfolk district at Norfolk goes to Charleston to take Mr. Newell's place as district superintendent of the Charleston district. Mr. J. A. Fountain, now district superintendent at Wilmington, takes Mr. Wooten's place at Norfolk. Mr. Owen H. Page, now acting superintendent of transportation at Wilmington takes Mr. Murchison's place at Rocky Mount, N. C.

LUMBER MERGER ASSURED.

Meeting in Norfolk to Ratify Action Here Last Week.

Yesterday's Norfolk Landmark has the following of interest:

"If the present plans are carried out the North Carolina Pine Association will soon absorb the South Carolina Timber Association.

"This is the opinion of the members of the board of directors of the North Carolina Association, which met in the Monticello Hotel yesterday at noon and ratified the action of the committee which went to Wilmington, N. C., last week to discuss plans for the merging of the two organizations. The South Carolina Association will meet in Columbia, S. C., next Friday to hear the report of its committee with a view to furthering the movement for consolidation and Mr. John R. Walker, secretary of the North Carolina Association, has been directed to attend the meeting.

"A committee composed of Mr. Walker and Messrs. J. T. Deal, R. J. Camp and R. S. Cohn, was appointed to conclude the business of the merger. Some of the members of the North Carolina Association said yesterday afternoon that they were of the opinion that the South Carolina body would disband and its individual members come into the North Carolina Association. It is expected that the matter will be finally settled early next month."

Mr. T. G. Register Ill.

Information reached the city last night that Mr. Thos. G. Register, a carpenter of this city, residing at 806 Princess street, had suffered a violent hemorrhage at Cronly, N. C., yesterday afternoon. Mr. Register was engaged with others in tearing down a building at Cronly and it is presumed that the hemorrhage was brought on by over exertion in that work. His condition was regarded too critical to bring him to his home in Wilmington on the Seaboard Air Line train last night and members of the family made arrangements early in the night to go to Cronly by private conveyance, but decided later to wait and go up on the train this morning.

Bowling at Lumina.

To-night the fifth game in the bowling contest for the Consolidated prize cup will take place at Lumina. The Boys' Brigade and Atlantic Yacht Club teams will be the contestants. Thus far the W. L. I. has won 2 and lost none; the Unions have won one and lost none while the Carolina, Atlantic and Boys' Brigade have each lost one. The game will be called promptly at 9 o'clock. The crowds continue large at Lumina and the nightly dances are very popular.

New Savings Bank.

On account of some technical defect in the application which will be returned to the city and remedied today, the charter for the new savings bank to be operated in connection with the Atlantic National, of this city, was not granted yesterday. However, the application will be re-forwarded at once, and an organization under the new charter will likely be possible to-day or to-morrow.

The Sun's Eclipse.

The partial eclipse of the sun visible here yesterday morning between 5:30 and 8 o'clock was witnessed by hundreds of persons all over the city, many of whom arose early for that occasion. The conditions were favorable to a good view of the eclipse and the line and form of obscuration was discussed enthusiastically by those who gazed eastward through smoked glasses and with the naked eye.

Home For the Little Girl.

The article in the Star last week, calling attention to the sad case of a little girl forced by circumstances into the County Home, has brought to this office a number of letters from kind-hearted people offering to adopt the child. In response to these letters, it is stated that a comfortable home has already been found for the little girl and she is now as happy as happy can be.

Educational Addresses.

State Superintendent of Public Instruction J. Y. Joyner has appointments to make educational addresses in this section as follows: Southport, September 4th; Winterville, Columbus county, 5th; Evergreen, Columbus county, 6th; Chadbourn, same day; Clarendon and Mt. Tabor, Columbus county, 7th; Dunn, N. C., September 8th.

ISSUE OF ROAD BONDS

County Commissioners Rejected Bids Yesterday and Call for New Ones

WERE ONLY TWO BIDDERS

Amount Offered Not Regarded Sufficiently High—Purchasers Apparently Want Higher Rate of Interest—Special Meeting.

The Board of County Commissioners at a special meeting yesterday at noon at the Court House, pursuant to advertisement, opened bids for the recently authorized issue of $50,000 four per cent. bonds for continuing and maintaining the public road improvements of the county. A couple of recesses were taken during the afternoon to give bidders further time, but at 6 o'clock after a thorough examination of the proposals, it was decided that neither of the two bids received was sufficiently high and both of them were rejected. The Board will now call for new bids to be opened some time during September.

All members of the Board were present at the meeting yesterday and each of the bids was given full consideration. There were a number of inquiries from other financial institutions, desiring to bid on the bonds at a rate of 4 1-2 per cent. interest, but the Commissioners have decided to float them at an interest of only four per cent., payable semi-annually.

The bidders yesterday were Chas. A. Webb, of Asheville, representing F. L. Fuller & Co., of Cleveland, Ohio, and C. H. Deppe, for the Union Savings Bank and Trust Company, of Cincinnati, Ohio. Mr. Webb offered 96 and interest for the face value of the bonds at the rate of 4 per cent. from July 1st, 1905, for the entire issue. The Cincinnati firm bid 100 and accrued interest and $100 premium, providing they be allowed an amount to bear all expenses of lithographing the bonds and other expenses incident to the consummation of the sale. The Board, after reading the bids, adjourned until 5 o'clock in the afternoon. At that hour Mr. Webb supplemented his bid by offering a substantial premium on a four and one-half per cent. bond and agreeing to pay all cost of the issuance of the bonds, etc. The amendment to the bid was through Messrs. Hugh MacRae & Co., of this city, who were represented at the meeting by Mr. J. A. McGeachy. The Commissioners did not think favorably of the amended bid and, by request, took another recess until 6 o'clock awaiting the arrival of Mr. Webb who telegraphed that he would be present upon the arrival of the evening train. At the later meeting Mr. Webb was present and explained his bid, but the Commissioners decided after hearing him to reject all bids and call for new ones which will be done within the next few days. Upon a better understanding of the bonds, which are to run for 25 years, it is expected that at the postponed meeting there will be a number of new bidders and that a much higher bid will be received. In the act of the Legislature authorizing the bond issue, the Commissioners are given power to negotiate the bonds at a rate as high as 5 per cent. per annum but the Board has an eye to floating them at the lowest possible rate and believe that they will be able to do so.

WILMINGTON, N. C.

Thursday Morning, August 31.

SOUTH'S SUCCESS REFLECTED.

The Manufacturers' Record says:

"Statements of earnings of 15 leading railroads in the South covering 11 months of their fiscal year to May 31 have been issued, and reflect highly encouraging business conditions throughout this section. It is particularly to be noted that the only decreases visible are in the statements of roads whose lines are partly outside of the South, but for the last month of the period covered they are also showing gains, some of considerable size. A review displaying the percentage of increase by each line is interesting.

"The Seaboard Air Line gained 6.13 per cent. gross and 28.35 per cent. net, the great proportionate gain of the latter being apparently due to less necessity for improvements, which would have been charged to operating expenses. The Southern increased gross earnings 6.37 per cent. and net 8.73 per cent. The Atlantic Coast Line had a gain of 7.39 per cent. in gross and 3.73 per cent. in net earnings. Chesapeake & Ohio gross earnings increased 7.50 per cent. and net 12.75 per cent. Norfolk & Western increased its gross earnings 5.25 per cent. and the net 3.42 per cent. Louisville & Nashville gross earnings gained 3.03 per cent. and the net 3.56 per cent. Mobile & Ohio gained 6.06 per cent. in gross and 9.82 per cent. in net. Missouri Pacific decreased 3.58 per cent. in gross and 9.28 per cent. in net and the Rock Island system also fell off, the decline being 3.19 per cent. in gross and 3.72 per cent. in net earnings, these being two companies with extensive mileage outside of the South. St. Louis & San Francisco gained 7.43 per cent. in gross and 7.53 per cent. in net earnings. Kansas City Southern increased gross earnings 1.77 per cent. and net earnings 1.06 per cent. Missouri, Kansas & Texas gained 13.98 per cent. in gross and 12.05 per cent. in net earnings. St. Louis Southwestern increased 15.21 per cent. in gross and 14.67 per cent. in net. Yazoo & Mississippi Valley gained 10.98 per cent. in gross and 11.07 per cent. in net earnings. Central of Georgia had an increase of 7.51 per cent. in gross and 26.35 per cent. in net earnings.

"Concerning the wide difference between the percentage of gain in gross and net earnings in the case of some companies, it must be remembered that the practice of charging certain classes of improvements to operating expenses causes net earnings in some years to fall considerably behind, with the consequence that when comparisons are made in the following years large percentages of gain are exhibited.

"Considered in their entirety, these statements may be accepted as indicating an indefinite continuance of industrial and commercial prosperity throughout the South."

The car shortages in the South, while a detriment to business, indicate that growth of business in the South. Producers are offering the railroads more than they can carry handily and with conditions like that the outlook for the railroads is bright. The prosperity of the railroads indicates prosperity in the sections which they traverse and all the signs indicate a healthy state of business affairs throughout the South.

ENCOURAGING OUTLOOK FOR COTTON PLANTERS.

The Baltimore Sun of Tuesday, says:

"There are indications that the Southern cotton planters will secure a fair price for their product this year. The government's crop report does not point to such a large yield as last year, although the crop may not be as small as estimated by the planters themselves. On the New Orleans Exchange yesterday October cotton rose 17 points, to 11.09 cents, while January cotton soared to 11.24 cents. The drouth in Texas may affect the crop in the Lone Star State to some extent. Rumors of possible injury have caused a demand in Liverpool for the staple. Another alleged cause of the advance in the price is the publication of official figures showing a very large increase in the exports of American cotton cloth. For the first six months of 1904 the exports from the United States were 129,000,000 yards. For the corresponding period of 1905 the exports were 388,000,000 yards.

"Uncle Sam finds a market for his cotton goods in Europe and in Asia. The Southern manufacturers have been singularly fortunate in developing a trade with China. To what extent they may suffer by the Chinese boycott on American goods is problematical. The Chinese can get cotton cloth from Great Britain if they are determined to discriminate against the American product. But even if Uncle Sam loses this trade temporarily there will continue to be a demand for raw cotton. Hence the planters of the South will not suffer by reason of the boycott, whatever the effect may be on the manufacturers.

"Last month the Cotton Spinners' Association of Great Britain decided that hereafter it would be as independent as possible of the American planters and would seek to secure a larger part of its supply of the raw material from other sources. This threat has been made before, but to no end. Until new fields for the cultivation of cotton are developed, John Bull must get a great deal of the staple from the South or limit his manufactures. He cannot afford to do the latter, and so he must pay the American price for the American product. This year the planters seem to be more determined than ever to hold their cotton until they can realize a profit on it. With the aid of the bankers in the South they claim that there will be no necessity for them to sell at a sacrifice."

The Sun is both timely and correct in what it says. It appears at this writing that the Southern planters will get 10 cents or more for their cotton. Not only has the policy of the Southern Cotton Association tended to keep up the price to a living basis, but the poor crop year and the increased demand for raw cotton in all portions of the world will probably be the greatest factors in holding up the price. If the proposed warehouse system were now in operation throughout the South to prevent too great a movement in the crop at this stage of the season, even better prices would be realized. It is hoped that the growers will not make the mistake of rushing their cotton to market in quantities that will depress the price. In that event they will have none to sell when the price goes still higher, as all the indications point that way.

No doubt the end of the far Eastern war will restore activity in China and Japan, and necessarily that will be a stimulus to the cotton industry in Europe, the Southern cotton growers' best customer.

We agree with the Sun that the outlook is encouraging is spite of the bad crop conditions.

TWINKLINGS.

—It is better to be wrecked on a desert island with a parrot than to dwell in Paradise with a woman who pouts.——New Orleans Picayune.

—The New York papers were dumb as oysters about the Wanamaker-Washington episode. Wanamaker's big store is a great advertiser.—Nashville American.

—Ex-Senator Jno. L. McLaurin is going to give Senator Tillman a tilt for the United States Senate. The Virginia primary and its results furnish the evidence needed to show to Mr. McLaur'n that an "out" is up against a hard proposition when he runs against an "in."—Richmond Times-Dispatch.

—The former commissioner appointed under the South Carolina dispensary law told freely of offers made to bribe him, which he refused, but was not disposed to give up his correspondence. His testimony shows how readily opportunities for graft are presented to men in public employment, and it is well known that not all such attempts at bribing are unsuccessful. The extension of the sphere of government into the domain of private business is certainly not what existing conditions demand.—Louisville Courier-Journal.

—Japan insists on being at the head of the procession. It was the first foreign country to have a translation of Tom Dixon's "Clansman." A dramatization of the book has just been completed for the Japanese stage and the first presentation will be in Tokio about the same time the play is given at Norfolk its first presentation in this country. The question naturally arises, "Why this unusual interest of the Japanese is the Clansman?" It is answered according to the view of a theatrical press agent by citing the following lines from Mr. Dixon's novel: "Under their can-leadership the Southern people had suddenly developed the courage of the lion, the cunning of the fox, and the deathless faith of religious enthusiasts."—Greensboro Telegram.

THE COTTON MARKET.

New York, August 30.—The cotton market was under pressure most of the session but met with good support and late in the trading recovered part of its loss, closing at a net decline of 4 to 11 points. Sales were estimated at 500,000 bales. The opening was easy, unchanged to 5 points lower, in response to disappointing cables. Continued drought in the Southwest encouraged support from Wall street bulls, but the market showed little rallying and gradually worked lower and under heavy selling ascribed to local bears and smaller longs taking profits. Rumors of rains in various parts of Texas reached the market later in the day and crop accounts from eastern and central sections of the belt appeared to be improving, leading to still more active pressure and sending the market off to a net decline of about 18 points in the early afternon and over 7 points below the high level of the previous day. Toward the close there was active covering by room shorts and the final tone was steady. A local authority issued a crop report estimating the present condition of the crop at about 70.8 per cent. against 76.1 per cent. last month which seemed disappointing to local longs. Southern spot markets were unchanged to 1-8c lower.

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

SPIRITS TURPENTINE.

—In addition to the tin veins in Gaston county casserite oar has also been recently discovered in Lincoln county.

—A charter has been granted the Ward Shoe Company, of Greensboro, to manufacture and deal in shoes and boots. capital stock $10,000.

—State Insurance Commissioner Young, who has charge of building and loan association matters, says he is in receipt of a great number of inquiries regarding those associations and all the information desired can be found in chapter 435 of the laws of 1905.

—Charlotte Observer, August 30: Mr. R. S. Mebane, of Graham, was in the city yesterday in the interest of A. Klipstein & Co., of New York, dealers in dye-stuffs. This concern has made its Southern headquarters at Graham and Mr. Mebane is the manager of the office. Graham will be the distributing point for the South.

—At Raleigh on Tuesday State Insurance Commissioner Young canceled the license of the order of Select Knights, of Buffalo, N. Y. It had $543 on deposit with the State Treasurer and there were two claims against it, the total being $1,800. On Tuesday he paid $534 to these claimants. The order is defunct. Claimants in other States have not received over 25 per cent.

—Mr. Kalil Honey, an Assyrian, who conducts a grocery and fruit store at Winston-Salem, is the possessor of an Asiatic coin which is 612 years old, having been made in 1293. The coin is known as Nrrsshhocompse, and is valued at about 5 cents in United States currency. The coin is about the size of a half dime, and is made of silver. Mr. Honey brought it to this country and has had it made into a cuff or stud button.

—Henry Houston, of Charlotte, a negro about 18 years old, was killed at the passenger depot at Salisbury crossing Monday night at 12 o'clock by train No. 34. Houston and another young negro were riding the second blind of No. 34. As the train started to pull out from Salisbury, he attempted to leave his perch; his foot caught between the cars and he fell under the wheels. His body was dragged about fifty yards and was horribly mangled.

—Charlotte News: Last week one of the furniture factories at High Point made a large shipment of goods to Cape Town, in extreme South Africa. The world is fast coming to recognize the North Carolina furniture product and there are few countries in the world to-day where these goods are not sold. The same thing that is being accomplished by the furniture manufacturers is open to other industries of the State, and many are already spreading out along the broader trade lines as the furniture factories have done.

—Mr. James Cowan, of Salisbury, had a thrilling experience at his home on East Fisher street Monday night with a burglar. As Mr. Cowan retired to his room, shortly before 9 o'clock, he was confronted by a stalwart white man. Without a word the burglar grabbed him by the throat and chocked him to the wall. When his victim was weakened by strangulation, the man released him and ran. Mr. Cowan got his pistol and fired at the fleeing figure, but missed his mark. When Mr. Cowan secured an officer the finger prints of the burglar were still visitble on his throat. A search was made for the man, but was fruitless.

—A dispatch from Asheville on Tuesday says: The rumor that the Ricker & Witten Company, of Martinsville, Va., Richmond, Va., and Mt. Airy, N. C., had sold out to the R. J. Reynolds Tobacco Company, or the trust, has been confirmed by a telegram received by one of the company's traveling representatives, a resident of Asheville. The deal has already been consummated and many of the company's salesmen laid off. It is said that the deal affects 75 of the company's salesmen who lose their places. C. W. Cary, formerly of Asheville, was Southern division manager for the concern with headquarters at Chattanooga, Tenn., while Homer Morgan, of this city, was one of the company's salesmen. The Ricker & Witten concern was the largest outside of the trust.

—The growing town of Newton is claiming 3,000 inhabitants against 1,800 according to the government census of 1900. The town is completing a system of water works, laying granolithic pavements and erecting a $10,000 graded school building. An extensive addition is being made to Catawba College, and considerable addition is being made to the Newton Hosiery mill. Besides the hosiery mill there are three cottotn factories in the town. From the manufacture of ordinary cotton hose and half-hose to the making of the finest brands of silk-finished goods of all colors and fancy designs, the advance of the hosiery mill has been steady and rapid. At present 12,000 pairs are made a day, with an increase of 18,000 pairs when new machinery already purchased is in stalled. The present day's output is the work of 175 hands and is worth about $1,000.

—At Asheville Sunday evening shortly after 7 o'clock Will W. Barber, yardmaster of the Southern Railway, shot and killed G. C. Gentry, a white man from Madison county, who made an assault on his wife with a rock. Gentry was a nervy and dangerous man. He came from Madison county and bore a reputation for being always ready for a fight. Gentry and the town marshal of Marshall, Madison county, 18 years ago engaged in a pistol duel on the streets of Marshall that, but for an accident would have cost Gentry his life. At that time Wesley Sawyer, now in the revenue service, was marshal. One day he started to arrest Gentry. The latter resisted and the two men, standing on opposite sides of the street, emptied their six-shooters at each other. One of the bullets from the marshal's gun struck Gentry in the center of the abdomen, but the top bottom of his trousers saved his life. The bullet broke the button into pieces and, following a course around Gentry's waist, came out at the back, inflicting a fleshwound. Gentry had also figured in other scrapes.

—A correspondent at Elizabethtown, Bladen county, writes: "Mr. R. L. Montague, of Charleston, S. C., has purchased nearly 10,000 acres of land in Colly swamp and expects to take the valuable timber off and then drain and clear the lands for agricultural purposes. There are several very large swamps in Bladen county, with large quantities of very valuable timber and land of the highest fertility, which only needs the capitalists, with his dredges and mills and money, to make this section a veritable Egypt. And, then, there are immense quantities of timber on the river, such as hickory, walnut, oak, cypress, ash, gum and hackberry, which, if manufactured here, would yield large wealth, but it is not practical to market in the bulk or in the raw state. It is expected that a railroad will be built either from Fayetteville to Sopthport, or from Dunn to Southport. Elizabethtown is right in the path of either and can't be missed. Then we will get a move on some of this crude wealth we own and have never used."

Consul General Rogers, at Shanghai, has cabled the State Department as follows: "While the boycott still continues there are no disturbances and the Chinese officials are endeavoring to suppress the movement. On the whole conditions appear more hopeful."

Eleven lives are known to have been lost in the flood caused by the cloudburst near Tobasco and Berwin, in the canyon, north of Trinidad, Col., and the list of dead may be increased. Twenty-nine houses were washed away at Tobasco, twenty-one of which were occupied by Italians and eight by Americans.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of Eight South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all pulled up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy drug store; price 50c. **

BENNINGTON DISASTER WAS DISCREDITABLE

Secretary Bonaparte Disapproves the Court of Inquiry Findings—Court Martial for Commander and Ensign.

By Wire to The Morning Star.

Washington, August 30.—Secretary Bonaparte today acted upon the findings of the court of inquiry in the case of the Bennington explosion. He disapproved of so much of the findings as declare that the Bennington "was in an excellent stage of discipliline and good and efficient condition" at the time of the explosion and is particularly severe in his comment upon the failure of the officers to look after the safety valves. He further says that the court of inquiry's failure to make any finding respecting the captain of the ship, Lucien Young, does not meet his approval and he therefore declares that to clear himself, Captain Young must appear before a court martial. Ensign Charles T. Wade who was in charge of the machinery is also ordered before a court martail.

Secretary Bonaparte says in his endorsement that "the proof tends strongly to show that the enlisted force of the engineering division had been permitted to fall into habits of laxity and inattention in the discharge of their duties, and that at least some of this force were also imperfectly instructed regarding their duties. "Inasmuch as the court of inquiry did not pass expressly in its findings and opinion upon the conduct of Commander Young, and the question of his responsibility for the explosion thereon and consequent loss of life and injuries to persons and property, the Department must treat this silence as an implied finding that he was not thus responsible. After very careful consideration the Department is compelled to disapprove this implied finding.

"In view of the many painful features of this lamentable affair, it is a source of especial satisfaction to the Department to approve the findings of the court of inquiry, respecting the highly creditable conduct of all the survivors of the officers and crew of the Bennington after the explosion occurred. It is but just to mention as included in this recommendation, Commander Lucien Young and Ensign Charles T. Wade, and also to note that special reference is made to Lieutenant A. F. H. Yates, U. S. N.

"Notwithstanding the severe loss sustained by the ship's complement, and the suddenness and terrible consequence of the accident, discipline was fully maintained. All the officers seemed to have discharged their duties with entire presence of mind, intelligence and courage; the crippled vessel was handled judiciously and skillfully and the survivors of the crew showed bravery and humanity in the rescue of their unfortunate shipmates worthy of the honorable traditions of our service. The Department notes with pleasure these redeeming features of an appalling and also discreditable disaster.

FATAL WRECK IN AUGUSTA.

Two Men Killed by Accident to Southern Train.

By Wire to the Morning Star.

Augusta, Ga., August 30.—City Policeman F. J. Murphy, acting as quarantine officer was killed outright, and Flagman George J. Lott so badly injured that he died at the hospital shortly after, and three others were slightly injured in a wreck of a Southern Railway passenger train on its way to Charleston at the Washington and Reynolds street crossing, within the city limits here, this morning. After the engine, baggage car and second class coach had passed the crossing, the rear wheels of the first-class coach, owing to a defective switch, took a siding and the car was thrown completely over. Officer Murphy, who had jumped and was trying to dodge, was mashed beneath the wreck. Flaman Lott's leg were cut nearly off, and he died while theye were being amputated. The pullman in the rear of the train did not leave the track, and none of its occupants was hurt. The injured were passengers in the overturned coach.

EARTHQUAKE AT PORTSMOUTH.

Severe Shock Felt Along Entire New Hampshire Coast.

By Wire to The Morning Star.

Porthsmouth, N. H., August 30.—A series of earthquake shocks, the most severe ever experienced in this section, were felt here late this afternoon. Buildings trembled perceptibly, dishes were shaken from shelves, and in many cases people rush in terror from their houses into the street.

There were three distinct shocks, and in each instance the tremor was accompanied by a sound like a distant explosion. The first impression was that the powder magazine at the navy yard had exploded, and hundreds of queries along this line were received at the yard. There had been no explosion, however. The shocks were felt along the entire New Hampshire coast line.

WARM WIRELETS.

The Russian government has decided to form territorial zones for Jews and at St. Petersburg lists are not be ing drawn upo of new townships and villages where they will be permitted to live.

In New York yesterday the favorable result of the peace negotiations was regarded in the dry-goods market, as possibly leading to renewed export business with China and exporters awaited developments with interest. The entire market was very firm. Jobbers continued to do a fair business.

The first session of the special meeting of the Supreme Council of the Royal Arcanum to hear protests from delegates representing a number of States relative to the recent advance in assessment rates made at the Atlantic City meeting was held at Put-in-Bay, Ohio, yesterday. After the preliminary business, a large number of petitions and remonstrances regarding the new rates were presented, some favoring the new rates, the majority protesting against them. The sentiment of the meeting was to give a public hearing to the opposing delegates and a meeting for this purpose was held yesterday afternoon.

PEACE TREATY BEING DRAFTED

Further Information About Agreement as to Manchuria and Chinese Railway

RUSSIAN OFFICIALS GROUCHY

Witte Being Knocked Instead of Praised for Matchless Diplomacy—Armistice May Be Arranged Between Armies in Field.

By Wire to The Morning Star

Portsmouth, August 30.—Actual work of drafting the "Treaty of Portsmouth" began to-day. It is being done by Mr. DeMartens and Mr. Dennison, acting as legal advisers for the respective sides. While the "bases" of peace have been accepted by the plenipotentiaries, considerable details remains to be worked ont of the elaboration of the articles of the treaty. This is especially true in regard to the articles dealing with the Chinese Eastern Railway, and the surrender of the leases of the Liao-Tung Peninsula and Port Arthur and Talienwan (Dalney). Mr. Pokotiloff, the Russian minister to Pekin, who was formerly manager of the Russo-Chinese bank at Pekin, and who has intimate knowledge of all the details relating to these matters, is assisting Mr. DeMartens.

A very anonmalous situation exists as to the impression created by the conclusion of peace. While the outside world applauds, in Japan there is evidently great disappointment in the terms, and in Russia, where it would seem that there should be universal rejoicing over the great diplomatic victory Mr. Witte has won, the government seems to have received it coldly. With the people it will make Mr. Witte a great and popular figure and add to his laurels, but at court evidently the very victory Mr. Witte has achieved makes it all the more bitterly resented. It is an open secret that when the Emperor appointed Mr. Witte chief plenipotentiary, the "military party" expected him to fail. They did not want peace and it was freely predicted in St. Petersburg when Mr. Witte left that he had been given an impossible mission. They expected him to fail in the negotiations or to make a "bad peace" and either would have spelled political ruin. Instead, upon the very terms upon which the Emperor told Mr. Meyer he would make peace and upon which the military party did not believe it possible for peace to be negotiated, Mr. Witte succeeded in securing a treaty honorable, and under the circumstances, favorable to Russia. This has evidently only exasperated his enemies the more and intrigue is again at work to discredit him. Since Japan is in a conciliatory mood they now say he made a mistake in surrendering half of Sakhalin. Yet he did so by the Czar's orders and and he himself insists that personally he would have stuck to the end of his original declarations not to cede territory or give indemnity.

Not a word or line about the receipt of the news came out of Japan. In view of the situation both at Tokio and St. Petersburg alarmists are inclined to make much of the fact that the minutes of yesterday's fateful meeting have not been signed by the plenipotentiaries of the two powers. It is pointed out that either side could still repudiate the agreement but both plenipotentiaries refuse to admit even the possibility of such a happening.

Japan Spurned Spoils of War.

The following statement of the Japanese argument which governed their decision to waive the question of indemnity can be accepted as authoritative:

Japan realized fully she was making a sacrifice for peace, but she was looking to the future. It was not a question of whether the war could be successfully continued but of whether peace was not now more advantageous to Japan. Japan had already gained all she fought for. It was only the "spoils of war" that remained, and having achieved the real objects of the war she could afford to forego the spoils rather than be placed in the position of fighting for money. While Japan believed she was entitled to the spoils she felt that her position was strong, her successes so complete that she could yield without detracting from the force of her victory.

More About Peace Conditions.

The Associated Press is able to give additional and interesting as well as important details in regard to the conditions of peace. Most important of all is the fact that the formal recognition of Japan's posession of the Chinese Eastern Railroad below Kuenchengtse, the junction of the branch of Kirin, involves payment by Russia to China of a sum estimated at $75,000,000. This is the Chinese interest in the road and for it China must be remunerated.

The question of the ultimate possession of the road is a matter to be settled between Japan and China. Japan can keep the road or surrender it to China, demanding in return the money paid by Russia to China. If she elects the latter course Japan will therefore obtain as an indirect "spoil of war" from Russia, the above mentioned sum in addition to reimbursement for the cost of maintaining the Russian prisoners of war for which Japan will present an itemized bill.

Japan is known to have given her word to China not to retain the railroad, which was really built for strategic purposes. But if China prefers the money to the railroad Japan cannot be accused of bad faith.

Both Russia and Japan, if the latter retains the road, are to be allowed to have "railroad guards," for the protection of the railroad property and in case of disorder calculated to threaten their interest, are mutually to be permitted to send troops, but the number in no case to exceed those required and they are to be forthwith recalled as soon as their mission is accomplished.

This, likewise, is a very important provision, and with the east and west Chinese-Eastern line, and the Southern line as far as Kuenchengtse still in Russia's possession, would ir case of a future issue, give her control of the largest part of Manchuria—the whole vast territory from the fertile valley of the Sungar, called the "Granary" of the province, northward.

Another important provision is that Japan's succession to the Port Arthur and Liao Tung leases, which Russia surrenders is conditional upon China's assent.

The armistice was not arranged today and it is not improbable that the armistice will be concluded directly by the generals on the field of battle

Russians Disgruntled.

St. Petersburg, August 30.—The peace news was received here without any manifestations of joy. The city shows absolutely no evidence of the receipt of the tidings. It can safely be said, however, that the general feeling among the more intelligent classes is that justice has been done at Portsmouth. Expressions of relief are heard that there will be no further bloodshed, but the "inglorious peace" is a disappointment to many. The suddeness with which the Japanese finally accepted the Russian ultimatum makes many people believe that the cession of the Island of Sakhalin would have been premature while a large element of the people seem of the opinion that another trial with arms with its chances for victory would have been preferable to the present peace. The reception of the news here today shows plainly that the war has been foreign to the masses who in no sense have been in sympathy with its objects. The more intelligent classes of the population have never shown any capacity for appreciating the plans and ideas of the government and seem to have lost sight of the vital interests of the state because of the revelations of official corruption discovered in connection with the Yalu enterprises and as a result of the unpreparedness and incapacity of the army and navy to cope with the problem and also because they have been fully occupied at home with the struggle to obtain a representative government.

Slow About Armistice.

St. Petersburg, August 30.—The war office at 3:30 P. M. had not sent any message to General Linevitch concerning the declaration of an armistice. War Minister Rudiger spent the day with Emperor Nicholas at Krasnoye-Selo, the big military camp near Peterhof. The war office this afternoon addressed a letter to General Rudiger asking for instructions regarding the cessation of the present preparations to ship further troops to the front, etc., and also regarding mobilization but no answer has yet been received. There is reason to believe, however, that General Rudiger after conferring with the Emperor, sent a message to General Linevitch concerning an armistice. It is impossible to learn just what the general said, but the war office is most desirous of averting any engagement which might result in needless loss of life.

It was learned today that the first official telegram from Mr Witte announcing the conclusion of the Portsmouth conference was received at the foreign office at 11 o'clock last night. It was communicated to his majesty with only the loss of time necessary for decoding it.

Several high naval officers were seen this afternoon. They one and all expressed regret and even dissatisfaction at the conclusion of peace.

Was Set Against Indemnity.

St. Petersburg, August 30.—The Emperor yesterday visited Bjorkoe to inspect a cruiser in course of construction there. Before leaving Peterhof his majesty cabled M. Witte to break off the negotiations and leave Portsmouth if the Japanese plenipotentiaries insisted on an indemnity. When he returned to Peterhof the Emperor found M. Witt's cablegram announcing the success of the negotiations and was delighted. He immediately cabled M. Witte approving the conditions.

Last Battle on Monday.

St. Petersburg, August 31.—3:25 A. M.—A dispatch from Lidziapudze contains the details of what will probably be the last engagement of the war. This encounter took place on August 28th and resulted in advantage to the Russians who took 130 prisoners. A number of Japanese were killed. The Russians had eight killed. The remnant of the Japanese retired, bearing their wounded.

The declaration of an armistice will probably mean no cessation in the activity of the Chinese bandits who are daily growing bolder.

Czar Notified by Witte.

St. Petersburg, August 30.—The following is the details of M. Witte's cablegram to Emperor Nicholas announcing peace:

"I have the honor to report to your majesty that Japan has agreed to your demands concerning the conditions of peace and that consequently peace will be established, thanks to your wise and firm decision, and in strict conformity with the instructions of your majesty. Russia will remain in the Far East the great power which she hitherto has been and will be forever. We have applied to the execution of your orders all our intelligence and our Russian hearts. We beg your majesty mercifully to forgive that we have been unable to do more."

Progress on Treaty.

Portsmouth, August 30.—Mr. Dennison and Mr. DeMartens worked until 8 o'clock tonight on the draft of the treaty. They completed the wording of the preamble and three articles and were discussing the articles relating to the cession of the Chinese Eastern Railway when they adjourned until tomorrow.

Up to 11 o'clock tonight neither the Japanese Emperor nor the Russian Emperor had responded to the appeals sent by their respective plenipotentiaries yesterday asking for the conclusion of an armistice.

Washington, August 30. — Consul Gen. Sammons, at New Chawng has reported to the State Department as follows in regard to the progress of the anti-American boycott in China:

"In regard to the attempt made here to arouse a feeling of hostility to American goods, I have the honor and pleasure to report that the movement has been a failure. Several attempts have been made to organize the anti-American sentiment, but each meeting resulted in stronger declaration in oppositions to interferring with the sale of American goods. A number of leading Chinese merchants assured me that they would have nothing to do with a movement to boycott American goods, and they advised their friends to refrain from agitating the subject."

YELLOW FEVER IS SPREADING

Two Unaccountable Cases Discovered Yesterday in Vicksburg, Miss.

MORE CASES AT PENSACOLA

Natches Has Tenth Victim——Situation in New Orleans Under Control—Total Cases to Date 1,878, Deaths 271.

By Wire to The Morning Star.

New Orleans, Aug. 30.—The following is the official report to 6 P. M., today of the yellow fever situation:

New cases to date, 46; total cases to date, 1,878.

Deaths to date, 4; total deaths to date, 271.

New disease centers, 13.

Bringing 50,000 bunches of bananas, the first cargo of fruit entering here for several weeks, the steamer Esparta, from Port Limon, landed today at Port Chalmette, and immediately began to discharge of her cargo into screened cars to be taken west by the Illinois Central road. Laborers to handle the fruit were carried to Chalmette in barges from New Orleans and the work of unloading and shipment was under the direct supervision of the Marine Hospital Service. It is expected that New Orleans will be able at once to relieve any fruit famine existing in the west.

So active have been the ward organizations and so energetic the police that few if any cisterns have escaped screening, and the thoroughness with which the work has been carried out explains why every day now emphasizes the opinion of physicians that yellow fever is about under control in New Orleans.

Among the list of stricken today are two physicians, making four in all who have succumbed to yellow fever. The latest victims are Dr. J. T. Wolf, who lives below Canal street and has had a large practice among the yellow fever patients in that quarter, and Dr. L. A. Meraux, health officer of St. Bernard parish.

Dr. C. M. Shanley, of North Dakota, and Dr. W. M. Richards, of New Orleans, today left for Barataria to seek to stamp out yellow fever in a forty mile strip. Barges and provisions were taken along.

Another Case at Pensacola.

Pensacola, Fla., August 30.—One new case of yellow fever developed in Pensacola today. It was in the infected district, the patient being a tailor who had quarters adjoining the building in which the first case was discovered. The case was found this afternoon and was pronounced by physicians to be yellow fever. All of the patients are doing well and the fever seems to be a very mild form.

The citizens do not seem to be panic-stricken as in former cases, though a through train today which left here at noon, carried perhaps one hundred persons away. There were many also to take boats and go far up the bay in camp.

Dr. Guitteras, the famous Cuban yellow fever expert, arrived tonight from New Orleans and has been in consultation with Dr. Porter and the State Health authorities. He has not as yet made a statement.

Chattanooga Quarantines.

Chattanoog, August 30.—The joint city and county board of health tonight declared a rigid quarantine against Pensacola, Florida, and Vicksburg, Miss. Officers are examining passengers on every incoming train, no matter from what section and are demanding health certificates.

No Fever at Memphis.

Sporadic Cases in Vicksburg.

Vicksburg, Miss., August 30.—Dr. John Guiteras, of the Marine Hospital Service, this afternoon reported two positive cases of yellow fever in Vicksburg. The sickness is of a very mild type. Local physicians first diagnosed the disease as yellow fever this morning, the announcement creating somewhat of a panic. The origin of the fever has not yet been fixed. Both patients are white and neither has been out of towns for months.

Another Case at Natchez.

Natchez, Miss., August 30.—After 6 o'clock this evening one new case of yellow fever, which was reported convalescent, was discovered. Otherwise there has been no change in the local yellow fever situation. The work of fumigation is being carried on in every home. There has been exodus. Only one special train left Natchez this month. This left last night with 150 passengers.

Houston, Texas, August 30.—Dr. Tabor has decided to send J. F. Eaves, a yellow fever expert, to Memphis to make an investigation as requested by the Memphis authorities.

Memphis, Tenn., August 30.—The charge that yellow fever existed in Memphis was investigated by Governor Vardaman of Mississippi, and the secretary of the State Board of Health last Sunday. They united in a signed statement giving the city a clean bill of health. Memphis health authorities since that date have threatened to take legal action agianst certain physicians who are alleged to have announced that the disease existed in Memphis.

ROOSEVELT CONGRATULATED.

Messages From Crown Heads of Europe—Magnanimity of Japan.

By Wire to The Morning Star.

Oyster Bay, August 30.—Crown heads of the world unite with distinguished statesmen of America and Europe in according the glory of peace between Russia and Japan to President Roosevelt. Throughout last night and today telegrams of congratulations poured in upon the President in a great flood. They came from persons of high degree and of low and from all quarters of the civilized world.

Among the first messages received was one from the King of England as follows:

Marienbad, August 29:

"Let me be one of the first to congratulate you on the successful issue of the peace conference to which you have so greatly contributed.

(Signed) "EDWARD, R. I."

Soon afterwards a notably cordial cablegram was received from Emperor William of Germany. It read:

Neues Palais, August 29:

"Just received cable from America announcing agreement of peace conference on preliminaries of peace; I'm overjoyed. Accept most sincere congratulations at the great success due to your untiring efforts. The whole of mankind must unite and will do so in thanking you for the great boon you have given it.

(Signed) "WILLIAM, I. R."

President Loubet of France extended his congratulations in this message;

LaBegude, Presidence, August 30:

"Your excellency has just rendered to humanity an eminent service for which I felicitate you heartily. The French republic rejoices in the role that her sister America has played in this historic event.

(Signed) "EMILE LOUBET."

The President has acknowledge the message received from King Edward, Emperor William and President Loubet but the text of his responses is not made public here.

Then came telegrams from diplomatic representatives of foreign governments in this country—from Sir Mortimer Durand, the British ambassador; from M. Jusserand, the French ambassador; from Mayor DesPlanches, ambassador of Italy, and from Sir Chentung Liang Cheng, the Chinese minister.

Count Cassini, who recently was succeeded by Baron de Rosen, as Russian ambassador to the United States, cabled as follows:

"Paris, August 30:

"Profoundly happy at the result of the negotiations which assures a peace honorable to both nations and in which you have taken so fruitful a part.

(Signed) "CASSINI."

William J. Bryan sent a message crediting the President with the peace agreement as follows:

"Janesville, Wis., August 30:

"Accept congratulations. Your successful efforts to secure peace between Russia and Japan reflect credit on the nation.

(Signed) "WILLIAM J. BRYAN."

Cordial messages were received also from senators and representatives in Congress congratulating the President on his great triumph for peace, also one from former Secretary of State John W. Foster.

JAPANESE TACTICS.

The Way Russia Views the Enemy's Art of War.

Yes, we were greatly mistaken when we called them "little Japs." We have never before had to deal with such skillful opponents. They have included in their tactics all modern methods, strictly adapting them to their own national peculiarities. For instance, knowing the weakness of their cavalry, they never allow it to go out unsupported. There is always infantry behind it, and our cavalry often runs against it, not expecting its presence.

The Japanese reconnoissance is effected thus: A compact force of riflemen marches, sustained by screens, and patrols move about five versts ahead. At a distance of three versts the scouts are preceded by a number of Chinese. These last come to the Russian lines, examine the camp and make signals to the Japanese concerning the whereabouts of the cavalry patrols. As the country is mountainous, they advance at the rate of seven versts a day, intrenching and fortifying every step they take. Their path is an uninterrupted row of fortifications. Knowing the excitable, impressionable temper of their soldiers, they never pursue the enemy before settling down in good order upon the position occupied, because during a pursuit troops often become disarranged. Judging by their operations one could imagine they are the most phlegmatic and methodical people in the world—so strong in their military education and their knowledge of the art of war. They very reasonably avoid the bayonet. Their leading ranks run away to the right and left, opening the front for the fire of the succeed'g lines. Running round these to the rear they again form their ranks, thus taking the place of the reserves.

If the troops uncovered are unable to stop our attack by fire they repeat the maneuver. What self control, what discipline are required in order to do this, and what a consciousness of strength! When they are on the march it is all but impossible for them to meet with any surprises. In addition to the men detached for guard they surround their columns by chains of scouts, who advance along the crests of the elevations. Movement under such conditions may be slow, but it is sure.—Russkoye Slovo.

Our "Hurrah" Vicions.

In shouting "Hurrah" we are (in these days unconsciously) repeating the victorious cry of the Cossack Tartars in pursuit of their enemies—a cognate word to the "Maro" of East Indian cavalry as they encourage each other to strike. Both words simply mean "kill!" I suggest that we now adopt for this purpose the popular and victorious cry of "Banzai!" which means simply "success," or "good fortune." Not only will this be a compliment to our Japanese allies, but it will supply a more suitable cry for civil occasions. Surely it would be better to greet, say, a lord mayor or royalty or Mr. Chamberlain with "Banzai!" than with a Cossack howl for blood.—London Truth.

The next meeting of the Southern Educational Association is to be held jointly with the Association of Colleges in Nashville, Tenn., November 22nd-25th. A full attendance is expected, and an interesting programme is being arranged.
